The following is SFWA's model contract for short fiction published in a magazine. We deal with possible anthology and audio rights in separate appendices rather in the body of the contract.

The model magazine contract was written by the SFWA® Contracts Committee with the assistance of SFWA’s attorney. SFWA’s model contracts are written as guides to writers and others in understanding common publishing contracts and to help them negotiate better contracts. They are not intended to be used as boilerplate contracts by publishers, writers, or agents, and any such use be should not be cited as being approved by SFWA. Use of this model contract by a magazine does not automatically make sales to that market eligible to be used as credentials for SFWA membership. SFWA's model contracts have been written by writers for writers, and are for educational purposes only.

As part of its ongoing efforts to educate writers about publishing contracts, the Contracts Committee periodically writes new sample contracts or updates old sample contracts. Address comments or suggestions to the Chair, SFWA Contracts Committee at contracts@sfwa.org

**Legal Disclaimer:** The SFWA Model Contract does not provide legal advice and is not the practice of law, and the issues presented in the model contract are not an exhaustive list of the issues that may arise. As with any legal document, you should consult a competent attorney familiar, in this case, with publishing for exact interpretations of law.

1. (a) The Work. This Agreement pertains solely to the Author's textual work titled "[Story Title]."

1. (b) All rights not expressly granted by the Author reside exclusively with the Author. Any rights that may be developed in the future shall reside with the Author.

It is important for writers to explicitly retain any rights that may be developed in the future, to avoid the kind of confusion -- and
2. Limitations On Scope Of Grant. The Author does not transfer any rights in the Work to the Publisher except as specifically set forth in this Agreement. This Agreement is not a transfer of the copyright to the Work. This Agreement does not permit the Publisher to publish the Work in any revisions of the Magazine in any medium unless explicitly granted by this Agreement.

The grant of rights should be phrased so that all rights not specifically granted are retained by the author. This helps resolve disputes over unnamed rights that may become important in the future in favor of the author (think of the history of electronic rights).

We believe that the grant of rights should be clearly and strictly limited by the author. That includes any right to republish the work. Electronic, audio, anthology, and other rights must also be clearly stated and limited. (We deal with them below.)

3. (a) Print Rights: The Author grants first serial print rights in the Work to the Publisher for inclusion in [Magazine Name] (the “Magazine”), for publication in the English language [language or languages covered by license] in [geographic region covered] on or before [the date by which first publication must occur].

The rights granted under the terms of this paragraph shall be exclusive for a period of six (6) months following the first date of publication under this paragraph and nonexclusive thereafter.

Note that the difference between granting English rights only or rights in all languages can be substantial. Many writers have success selling their stories in translation overseas. If you do negotiate for English rights only, be sure that the exclusivity provisions only cover English rights so that you can start selling to overseas markets as soon as possible. Geographical limits must also be clearly stated.

(b) Electronic Rights: The Author grants first world electronic print rights to the Publisher to include the Work in the Magazine, for publication in the English language [all languages] on or before [the date by which first publication must occur].

The rights granted under the terms of this paragraph shall be exclusive for a period of six (6) months following the first date
of publication under this paragraph and non-exclusive thereafter.

For the avoidance of doubt, the rights granted to the Publisher under this paragraph are rights only to the publication or dissemination of an electronic replica of the Work as it is incorporated in the Magazine [specify whether the Magazine is to be published as a web site, an e-book, or some other format], and not to any other publication, dissemination or use of the Work.

The grant of nonexclusive electronic rights to the Publisher is subject, however, to the following limitation: after three (3) years from the date of initial publication, Author may terminate the grant of non-exclusive electronic rights and ask the Publisher to remove the Work from the magazine's web site, archives, electronic back issues, bundles, or any other electronic format, and the Publisher agrees that it will comply within 30 days of such request.

(c) Unless the Author specifies otherwise, Publisher will take care to ensure to the best of its ability that the Work is not archived by the Internet Archive or similar archiving web site and is not displayed in its entirety by any other web site, including Google, Amazon.com, or the like.

4. (a) The Author agrees not to publish or permit others to publish the Work in the English language [or languages covered by license] in [geographic region covered] prior to its initial publication in the Magazine and throughout the exclusivity period granted to the Publisher thereafter without the prior written permission of the Publisher. If the Work is selected for a “best of the year” or an awards anthology, the Publisher agrees to waive this clause, provided the Author gives the Publisher prior written notice of the selection by such an anthology.

5 For the rights granted to the Publisher in this Agreement, the Author will receive a payment by check in the sum of [payment amount], which will be paid within 60 days of the receipt by the Publisher of this agreement executed by the Author. If payment is not received as required by this paragraph, all rights granted hereunder shall immediately revert to the Author. Should the Publisher fail to pay Author as specified here, Publisher will pay 50% of [payment amount] as a...
kill fee for the Work on or before [date].

6. If the Publisher fails to publish the Work by [the date by which first publication must be made], all rights granted hereunder shall immediately revert to the Author. In such event, the Author shall retain any payments made under this Agreement prior to such reversion.

7. Arising under and terminating with the grant of rights to the Work in this Agreement, the Author grants Publisher the right to use the Author’s name, image, likeness, and biographical material for all advertising, promotion and other exploitation of the Work. Upon request, the Author shall provide the Publisher with a photograph of the Author and appropriate biographical material for such use. The Publisher shall use only the Author’s name, image, likeness and biographical material provided and approved by the Author.

8. The Author warrants that, as of the date of executing this agreement, they are the sole author of the Work; that they are the owner of all the rights granted to the Publisher hereunder and have full power to enter into this agreement and to make the grants herein contained; that the Work is original and any prior publication of the Work in whole or in part has been fully disclosed to the Publisher and that to the best of the Author’s knowledge the Work does not infringe upon any copyright or upon any other proprietary or personal right of any person, firm or corporation.

It is unacceptable for a publisher to tie up a work by not publishing it within a reasonable period of time. We believe that for magazines, the limit should be one (1) year. However, a longer period might be reasonable, depending on the publishing schedule of the magazine and other factors. The key is to make the limit both reasonable and explicit.

It would be best if the writer make no warranties to the publisher, with the possible exception of being the actual author of the work. But if warranties are demanded, then they must include phrases such as "to the best of Author’s knowledge" and the any violation of the warranty must have been "intentional" by the author.

We strongly believe that because the definition of obscenity, what is libelous, and any privacy rights, vary widely between nations and even between U.S. states it is absurd to expect writers to provide any warranties on the subjects.

The Publisher is ALWAYS in a better position to understand the laws in the places where they sell books or magazines.

The author needs considerable protection in any indemnity clause, including that such
expenses and any compensation costs and disbursements paid by the Publisher) occasioned to the Publisher in connection with or in consequence of an intentional breach of one or more the foregoing warranties, for which the Publisher has no coverage under its insurance policies. The Publisher will add the Author to any insurance policy it may have which would insure against such loss, injury, or damage unless doing so is impractical. Legal representation and the decision to settle will be made in consultation between the Author and Publisher, and neither may proceed without the approval of the other, not to be unreasonably withheld.

10. The Publisher will make no alterations to the Work’s text or title without the Author’s written approval in e-mail or hardcopy. Author will be provided with the Publisher’s proposed version of the work prior to publication and given sufficient time to review text. The Publisher reserves the right to make minor copyediting changes to conform the style of the text to its customary form and usage.

11. The Publisher agrees to list a proper copyright notice for the Work in the name of the Author at the end of the Web-published story and, if published in print, on an appropriate copyright page.

12. The Author will be credited on the table of contents page and at the beginning of the story as [author’s byline]

13. The Publisher shall not make the Work available to any distributor, catalogue, service, or computer program which alters the text of the work or the display of the work, beyond typographic or formatting changes that do not affect the meaning of the work, or facilitate such changes -- including but not limited to removing or changing profanity -- without written permission of the Author. Should the Work be so listed without the permission of the Author, the Publisher shall ensure its removal.

14. Regardless of its place of execution, this agreement shall be interpreted under the laws of the State of [name of state].

15. The parties agree that any suit, action or proceeding, whether claim or counterclaim, brought or instituted by either party relating to the subject matter of this Agreement, shall be indemification only apply to "damage finally sustained" by a court that is not covered by the publisher's insurance. In addition, the writer should be added to the publisher's liability insurance policy if at all possible.

The publisher must also NOT be able to settle a complaint or case without the express permission of the author. Any settlement should be a mutual decision.

Some publishers have, in fact, changed works in a major way without the approval of the writer. Such changes can, and have, damaged the value of a writer's other work.

We added this clause because of software that censor or Bowdlerize a work after it has been purchased by the reader.

The right to allow or block such programs should rest with the author.

Both judges and juries can be biased for or against a given party in a case. However, it is generally agreed that jury trials cost
tried only by a court and not by a jury. The parties to this agreement expressly waive any right to a trial by jury in any such action or proceeding.

substantially more than bench trials, which is why we recommend against a jury trial. At the same time, this provision would sometimes limit an author's options in the event that they have to sue, and should be carefully considered before including it in a contract.

The parties agree that any action to enforce this Agreement shall be brought in the appropriate state or federal court in the State of [name of state], and that such court shall have personal jurisdiction over each of the parties.

17. SUCCESSORS AND ASSIGNS. PUBLISHER may not assign or in any way transfer this contract or the rights granted by it to another person or entity without the written permission of AUTHOR.

The main purpose of the clause is to block use of arbitration, which can easily be unfair to the weaker party.

Writers have had publications sell the licenses to their works to other businesses without their approval. We added this clause as an important protection for the writer.

18. AMENDMENT. This Agreement constitutes the entire Agreement between the parties, and supersedes all prior writings or oral agreements. This Agreement may be amended, only by a written agreement clearly setting forth the amendments and signed by both parties.

19. VOID PROVISION. If any term or condition of this Agreement is found by a court of competent jurisdiction to be illegal, unlawful or otherwise unenforceable, the parties agree that such term or condition shall be reformed as nearly as may be possible to carry forth the intentions of the parties and that such illegality, unlawfulness or unenforceability shall not act to void any other term or condition of this Agreement nor to void the Agreement as a whole.

20. The parties acknowledge that each party has read and understood this contract before execution.

We have chosen to deal with possible anthology and audio rights in separate appendices, which would be placed above the signatures. Regardless of where the language in put in a contract, it is essential that clauses on anthology and audio rights be in a contract and that they be worded to protect the Author.

Appendix A: Anthology Rights.
(a) The Author grants to the Publisher for a period of three (3) years the nonexclusive, worldwide English-language right to republish the Work or cause the Work to be republished in any book or anthology consisting of material 80% of which previously appeared in [Magazine Name], and which includes works by five (5) or more contributors.

(b) The Author shall receive a pro-rata share based on page count of 50% of the book or anthology’s gross earnings, which includes any advances against royalties, income from all licensed editions, including hardcover, paperback, book club, audiobook, and ebook editions of the book or anthology. Subsidiary rights money will be distributed within 30 days of receipt by the Publisher, so long as a minimum of $5.00 is due to Author. No payments for subsidiary rights sales will be due until actually received by the Publisher. The pro rata share shall be determined by dividing the total page count of the book or anthology by the page count of the Work.

(c) The Author shall receive one free copy of every edition of the book or anthology.

Appendix B: Audio Rights.
(a) The Author grants to the Publisher worldwide non-exclusive audio rights to the Work, solely for use in [Magazine Name]’s podcasting program, provided that those rights are exercised within six months of publication of the Work in [Magazine Name]. The grant of rights to the Publisher in the previous

There have been problems when anthologies defined pro-rata to mean equal payments, dividing the royalties by the number of stories, and not and not by percentages based upon the length of stories in an anthology.

Writers have thus found it extremely important to carefully define the terms of payment, and what a pro-rata share is based on.

Many of the same issues related to freely available web editions apply equally to freely available podcasts. The advantages of discoverability and accessibility are balanced by the reduction in reprint rights when free podcasts are available. As with
sentence is subject, however, to the following limitation: after one (1) year from the date of initial publication, Author may terminate the grant of non-exclusive audio rights and ask the Publisher to remove the Work from the magazine’s audio archives [specify web site or podcasting directory or some other format], and the Publisher agrees that it will comply within 30 days of such request. The Author also grants to the Publisher for a period of three (3) years the additional, nonexclusive right to collect the audio edition of the Work in the future in an audiobook containing the entire issue of the magazine containing the work.

(b) Author shall be paid a pro rata share of 50% of the gross earnings of such an audio book, determined by dividing the total time of the audio book by the total time of the Work. Subsidiary rights money will be distributed within 30 days of receipt by the Publisher, so long as a minimum of $5.00 is due to Author. No payments for subsidiary rights sales will be due until actually received by the Publisher.

(c) The Author shall receive one free copy of every audio edition of the book or anthology.
